PRODUCT SPECIFICATION REPORT

ZEP SLIDE™

Silicone Lubricant and Release Agent

DESCRIPTION

A clear, colorless, low odor, silicone, light duty lubricant, release agent, and protectant. Not for use as a release where parts are to be painted or coated without prior degreasing. Zep Slide contains a combination of silicone oils dispersed in a low odor aliphatic solvent.

FEATURES

- Environmentally desirable
- Low odor formula
- Reduces Friction
- Releases
- Preserves
- Protects
- Non-staining
- Wide temperature range

BENEFITS

- Contains no chlorinated solvents that are thought to deplete the ozone.
- Permits use in areas where solvent odors are objectionable
- Excellent light duty (low load) lubricant for metal and plastic parts.
- Use as a release agent in all types of molds. Will not carbonize heated molds. Prevents build up of waxes, films, and adhesives on processing, packing, and sealing equipment.
- Light duty coating for rubber surfaces on automobiles and food service equipment to soften and maintain flexibility
- Shields out corrosive elements such as air, water, etc. and will not corrode metal surfaces.
- Use on garment cutting tables and as a needle and zipper lubricant
- Lubricating film remains effective in temperatures ranging from -40° to 450°F

APPLICATIONS

Use as a lubricant and protective coating in the following industries:

Automatic Vending Machine Operators
Hotels & Motels
Sports & Recreation Suppliers

Industrial Machinery Manufacturers
Lumber & Other Building Material Dealers
Office Machines

COMPANION PRODUCTS

Zep Spraluster, Zep Glass Cleaner-New, Zep 40, Zep AquaSoy, Zep Elec II Plus, Zep Rust Eraser, Zep Cold Galvanize, Zep Iron Clad, Zep Dyna 170, Zep 65, Zep Soy Response

SPECIFICATIONS

Physical formThin liquid
Odorslight hydrocarbon
Colorcolorless to light yellow
Specific Gravity0.77

Flash point (TCC)..... 125°F (51.6°C)
pH..... not applicable
Shelf life 1 year minimum
DOT Shipping label None

PACKAGING

1 gallon
Case of 4- 1 gal
5 gallon pails
20 gallon containers
55 gallon containers

SILICONE LUBRICANT AND RELEASE AGENT

REDUCES FRICTION ON METAL SURFACES • LUBRICATES LOCKS, DOOR JAMBS, AND INDUSTRIAL EQUIPMENT • PRESERVES RUBBER SURFACES ON AUTOMOBILES AND FOOD SERVICE EQUIPMENT • EXCELLENT FOR LIGHT-INDUSTRIAL USE

Zep Slide is an economical silicone lubricant. Use on garment cutting tables, sewing machines, hand irons, and as a needle and zipper lubricant. Zep Slide prevents build-up of wax, films, and adhesive on processing, packing and sealing equipment. Use Zep Slide to keep hinges, rubber moldings and window frames from squeaking. An effective mold release agent in many injection, compression, blow-molding and tire recapping operations.

DIRECTIONS:

Apply to surface to be treated using the Model 16 or Model B Sprayer. Allow to dry. Surface will be coated with light lubricating silicone film.

Note to California and Ozone Transport Commission States (CT, DC, DE, MA, MD, ME, NH, NJ, NY, PA, RI, Northern VA, and VT): This product is sold to and is to be used exclusively by establishments which manufacture or construct goods or commodities.

SILICONE LUBRICANT AND RELEASE AGENT

DANGER!
HARMFUL OR FATAL IF SWALLOWED
COMBUSTIBLE
CAUSES EYE IRRITATION

Causes eye irritation. May cause skin irritation. Inhalation of spray mists or vapors may cause respiratory tract irritation and/or mild central nervous system depression, characterized by headache, dizziness, nausea, or stupor. DO NOT swallow this product. DO NOT breathe vapors or spray mist. Exposure may aggravate existing skin or respiratory disorders. Further information on the effects of overexposure is included on the Material Safety Data Sheet, which is available upon request.

Zep advocates limiting exposure to all chemical products. Wearing of safety glasses is strongly recommended, especially for contact lens wearers. Wear natural rubber, nitrile, neoprene, or other resistant gloves. Use product in well-ventilated areas only; open window/doors and use exhaust fans in enclosed spaces. Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

FIRST AID:

EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

SKIN: Wash affected area immediately and thoroughly with soap or mild detergent. Consult a physician if irritation develops.

INHALATION: Move exposed person to fresh air. If irritation persists, get medical attention immediately.

INGESTION: If product is swallowed, DO NOT induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into the lungs. Get emergency medical attention immediately.

DISPOSAL AND/OR SPILL INFORMATION: As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-O-Zorb or Zep Super Sorbent, and deposit in a clean, sealable D.O.T. specification container for disposal as a hazardous waste. Thoroughly clean area with a detergent solution and rinse area well with water.

COMBUSTIBLE: Keep away from heat, spark, open flame or any source of ignition.

STORAGE: Store in a cool area away from direct sunlight. Keep container tightly closed at all times when not in use to decrease evaporation of volatile solvents.

PRECAUCION:

AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.
(TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)
